

Create IBM Cloud

The screenshot displays the IBM Cloud 'Resource list' interface. The top navigation bar includes the IBM logo, a search bar, and user account information for 'HARESH KUMAR's Account'. The main content area is titled 'Resource list' and features a 'Create resource' button. A sidebar on the left provides a hierarchical view of resource categories, including Compute, Containers, Networking, Storage, AI / Machine Learning, Analytics, Blockchain, Databases, Developer tools, Logging and monitoring, Migration, Integration, Internet of Things, Security, and Mobile. The central table lists resources with columns for Name, Group, Location, Product, Status, and Tags. The table contains three entries: 'nalayathiran_assignment_3' (Cloud Object Storage, Global, Active), 'nalayathiran_assignment_3' (Watson Assistant, London, Active), and 'nalayathiran_assignment_2' (Db2, London, Active).

Name	Group	Location	Product	Status	Tags
nalayathiran_assignment_3	Default	Global	Cloud Object Storage	Active	—
nalayathiran_assignment_3	Default	London	Watson Assistant	Active	—
nalayathiran_assignment_2	Default	London	Db2	Active	—
